Turtlemⁿ

Ernie Brown Jr., also known as Turtleman, starred in Call of the Wildman on Animal Planet. There was no critter in KY that Turtleman couldn't catch by hand. Snapping turtles is his specialty but coyotes, bobcats & otters he's caught too as well as other animals.

Now he has a new show called Turtleman's Hunt for Bigfoot where Turtleman has actually seen and interacts with Bigfoot. Turtleman has a great tracking ability because he has spent his whole life in the backwoods. The Bigfoot show started after a 15 minute encounter with 2 Bigfoot in the woods. At the sighting, Turtleman ducked behind

a tree and watched the 9' silver Bigfoot call in what he thinks was the child (though it was about 6' tall and was a brownish blackish reddish in color). He thinks they were hunting deer at the time. After the Bigfoot walked over the hill and out of sight, Turtleman quickly drove home to get Turtle Gal. The two then began to track and film and so the series started. You can watch Turtleman's Hunt For Bigfoot on Turtleman Official Channel on YouTube. To add some humor to each show, the couple decided to gather some of their famous friends to do small clips called "Turtleman I think you're lost!" at the end of several of the episodes. Turtleman always likes to cheer people up and make them laugh. He also always adds that each person has a talent and that Jesus loves them and the Turtle Team loves them too. Yayaya LiveAction!

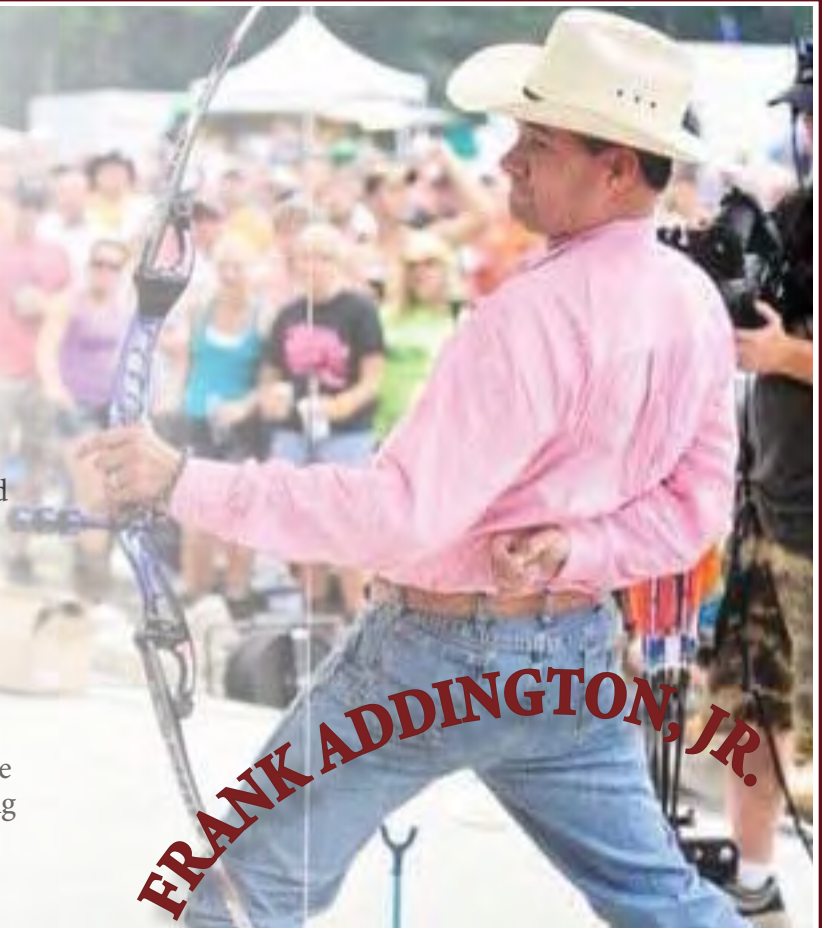

Frank Addington, Jr. is bringing his “**Frank Addington’s Amazing Archery**” back to the stage at the 39th Annual World Deer Expo coming up August 12-14, 2022 at the BJCC in Birmingham, Alabama.

You won’t want to miss this amazing display of instinctive archery as Addington shoots multi arrows, multi targets and even tiny mustard seeds from mid air - all with his Hoyt recurve bow behind his back! See for yourself why Ted Nugent once dubbed Addington, “... the master.”

Addington has performed his show coast to coast for 37 years this year. Addington has been shooting a bow 51 years! When asked about the Alabama appearance he had this to say:

“I’m humbled to be invited back to this great event. The World Deer Expo is one of our country’s oldest and finest hunting shows. It’s a legendary show with something for the entire family. Our goal is to help the next generation find outdoor pursuits and spend time outdoors as a family instead of on video games or watching tv. This show will be the place to be that weekend - I’m looking forward to getting back to Birmingham and seeing all y’all! Come and say Howdy. And see if I can still hit those tiny targets...”

David "Barney" Mitchell, The One Bullet Deputy

David "Barney" Mitchell, The One Bullet Deputy, has been a long-time fan of the Andy Griffith Show. He began receiving comments on how much he favored Barney Fife both in his appearance and his mannerisms. David began studying the life and character of Mayberry's one bullet deputy. In 2002, he launched his career as a Barney Fife impersonator. Since that time, he has entertained thousands of people in many

different venues such as The World Deer Expo, the World of Wheels, the Alabama State Fair, concert halls, charity events, on cruise ships, as well as festivals all over the

Southeast. He has also done several radio and television appearances. Wherever David performs he brings with him all the passion and charisma it takes to portray Mayberry's most beloved character, Barney Fife.

Gene Stallings hit the nail on the head when he commented, "Hey, you're right out of Mayberry!"

Barney will be outside of the entrance doors to the expo, to entertain and inform the attendees as they wait for the doors to open.

Be on the lookout for The One Bullet Deputy, in the front lobby of the World Deer Expo.

Wild Wildebeest Lodge has donated a 5 day fully guided South African Hunting Safari. It will be a 2x1 hunt for 2-6 hunters (hunter being defined as someone who harvests a minimum of 2 animals) which includes all meals, beverages, lodging, the hunt, a guide, field transportation, & a \$1000 credit toward trophy fees. An additional \$2000 toward trophy fees will be offered if upgraded to a 10 day hunt at \$350/day/person for the extra five days. The hunters will be responsible for their airfare and for their ground transportation to and from the lodge, conservation fees, VAT (value added tax), dip and packing of the taxidermy if it is done in the US, gratuities, and all gear necessary for the hunt. The hunt can be taken anytime in 2022, or 2023 or 2024. This 5 day hunt give away is valued at \$15,000. If upgraded to 10 days, the donation is valued at \$17,000.

Of these 5 days, 1 day will include an afternoon of bird hunting (dove, francolin, and guineafowl), which can be cooked over a hot fire and served while in camp.

With this donation, DDR Taxidermy in Powersville, Missouri is offering up to a \$500 credit per hunter toward taxidermy work done by their company (applied as 10% on shoulder mounts and 10% on European mounts - excludes back hides).
